COURSE DESCRIPTION:

This is an academic centered seminar that introduces students to the University. This course is designed to provide students with the skills, knowledge, and direction that will promote success in higher education. Primary focus will be placed on the ability to locate and gather information and to engage in critical thinking. Each session of the seminar will address a topic or body of knowledge to the purpose of developing students as learners and active members of the University community.

COURSE OBJECTIVES and INSTRUCTIONAL GOALS:

This course will provide students with the knowledge and skills to:

1. Analyze personal needs and goals to effectively transition to the University community
2. Recognize the importance of assuming responsibility for learning and being a positive member of the University community
3. Identify University resources and support programs that will assist with academic success
4. Develop study, inquiry, and problem-solving skills and strategies that are applicable for academics, career, and life.

METHODOLOGY

A. Teaching and Learning Strategies
